Terra Nova '65 45 yrs Reunion - August 28, 2010

Favorite place traveled and why:

Italy - because of the rich history and architectural environment. Many people seem to live a modest, rich lifestyle that is without excessive modern intrusions.

"Bucket" list - things still to do in life:

Jean and I to travel USA in a van; babysit grandkids

Other classmates with whom you are still in contact:

Many - Sharon Day Rathbun, John and Linda Patterson, Ray and Sherry Lenci

Favorite teacher and why:

Mr. Reynolds - Physics. He was very competent and had a very good sense of humor and seemed to enjoy us.

Favorite class and why:

Mechanical drawing - it was the beginning of my dream to be an architect.

Fondest memory:

I was lucky to have such good friends, such as Terry Walker, Mike Wellman, Don Damon, John Patterson, etc.

What else is interesting to know:

Even though I didn't know it at the time, I now realize that the friends I made in high school are some of the best friends I will ever have.
