## **"Bucket" list - things still to do in life:**

I'd love to go on a world cruise, would love to Bungee jump and parachute jump, if my back takes it! Would like to take up ballroom and belly dancing.

## **Other classmates with whom you are still in contact:**

Barbara Union Hauer, whom we will be coming to the reunion with!

## **Favorite teacher and why:**

Ms. Nobel ... I always thought of her as stylish, and she always seemed to have a smile.

## **Favorite class and why:**

I liked all my classes (but not every teacher), but the class I did poorly in ... was Math!

## **Fondest memory:**

My family moved around a lot (8 kids). Terra Nova was the first school that I spent a WHOLE YEAR in and I loved it!!

## **GREETING FOR CLASSMATES:**

Terra Nova, and my classmates, made me feel like I belonged ... for the first time in my life. My senior year was filled with some of the best memories of my life!
