Many thanks to all of you, but most often with those on reunion committee

## **Favorite teacher and why:**

*Dave Campbell* for his respect of students and giving me the acting bug

*Bob Gross* for keeping Paul and me on the straight and narrow

*Walt Gloistein* for giving me an appreciation for biology, physiology and for being a kind man.

## **Favorite class and why:**

PE - those teachers taught me pride in my "tomboyishness"

## **Fondest memory:**

Reading a part from "Death of a Salesman" in front of the class and feeling their emotional reaction - powerful feeling!
