Still alive, literally, two close calls; makes ya think

Places traveled:

Not nearly enough places, but many, though not as many as some fellow class members have

Favorite place traveled and why:

Alaska: AWESOME, simple as that

Hawaii: Beautiful - had relatives there so I saw the native side as well as the tourist side of life

"Bucket" list - things still to do in life:

Visit Europe, Yellowstone, some national monuments, Caribbean, Panama Canal

Other classmates with whom you are still in contact:

Only a few now and then

Favorite teacher and why:

No favorites, but appreciate what they did more now than then.

Favorite class and why:

Favorite class was really skipping them. A big regret.

Fondest memory:

Skipping classes to walk to San Bruno to go bowling with Bruce Harris '67.
Working at the Vagabond restaurant. Going to the beach with my girlfriend.

What else is interesting to know:

Just that I hope what you erred on you learned from.

GREETING FOR CLASSMATES:

Life can be tough or easy, but also depends on the where and whens.
